ABOUT OUR CAMPUS

Freedom Rings in the Dining Room

This July, as we celebrate Independence and the many freedoms we enjoy, we're proud to highlight the Dining Services, a team dedicated to bringing people together through food, tradition, and hospitality. Our kitchens are embracing the season with fresh flavors, classic favorites, and a focus on community.

Behind every meal is careful planning, thoughtful preparation, and a commitment to resident well-being. Summer gatherings are a wonderful time to enjoy grilled favorites and fresh produce, and our team takes extra care to ensure each dish is served with both flavor and food safety in mind. Whether it's keeping ingredients at their ideal temperatures or preparing meals with precision and care, food safety is our top priority.

So here's a few safety tips for your next outdoor summer cookout:

1. Keep cold foods chilled below 40 degrees and hot foods above 140 degrees
2. Never leave perishable foods out for more than 2 hours or 1 hour in the heat
3. Always clean your grill before and after to avoid flare ups and food contamination
4. Always use separate plates and utensils for raw and cooked meats

This month, freedom rings in the form of shared meals, outdoor dining moments, and the joy of seasonal cooking done right. We thank our incredible dining staff for their hard work.

Health Tips

As we prepare to celebrate Independence Day, we reflect on the freedoms we enjoy and the traditions we have developed. Leading up to the eventful holiday, it is important to remember to enjoy it safely. Beat the heat! Stay hydrated, sit in shaded areas, and be sure to apply sunscreen. While enjoying the beautiful view of the fireworks celebration, be prepared with earplugs or noise-cancelling headphones and remove hearing aids to help protect your hearing. We hope you enjoy a day filled with laughter, memories, and gratitude for the freedoms that we sometimes forget about.
